- There is only one round per match.
- The first player to reduce his opponent's health to zero is the winner. In the event of a draw, both players lose.

DOUBLE JUMP

⊗ button during a jump

This allows you to jump higher or farther.

RAPID MOVEMENT

Double-press ⊗ button

JUMP BACK

You can quickly jump back, away from your opponent by twice pressing the ⊗ button along with the directional button that is opposite of where your opponent is.

A TAIJUTSU LESSON FROM GUY

Rapid movement is an advanced Taijutsu feat. It is useful for quickly closing in on an opponent. When you are moving rapidly, Ninja Tools will bounce off of you, so take advantage of that. Doing so will make you a good warrior like me!

SAKURA HARUNO (SUPPORT CHARACTER: SASUKE OR KAKASHI)

Standing above all others with her incredible knowledge and skills, Sakura aims to become a Kunoichi, a female ninja. But as a young girl coming of age, she tends to focus less on Ninjutsu and more on boys, especially the handsome Sasuke, who has no interest in her whatsoever. What Sakura fears to say comes out of her Inner Sakura, the embodiment of her true feelings.

KAKASHI HATAKE (SUPPORT CHARACTER: GUY OR IRUKA)

A Jonin (elite ninja) from the Village Hidden in the Leaves, he is known in other territories as "Kakashi of the Sharingan Eye." He is quite enigmatic and seldom expresses his emotions. His combined abilities of Ninjutsu, Taijutsu (physical arts) and Genjutsu (illusion arts) are unmatched. Never without his favorite book "Make-Out Paradise" he has the ability to surprise even the most skilled ninja. His special jutsu is "Lightning Blade."

OROCHIMARU (SUPPORT CHARACTER: KABUTO)

One of the Sannin (Three Shinobi of Legend) he left the Village Hidden in the Leaves and founded the Village Hidden in the Sound. He snuck into the chunin exam and has his sights on Sasuke. Ruthless and heartless, he will stop at nothing to fulfill his sinister ambition.

HAKU (SUPPORT CHARACTER: ZABUZA)

A former elite Tracker Ninja, he was adopted by Zabuza and taught combat jutsu. Faithful to Zabuza, he will not forgive anyone who endangers him. Behind his mask is a face as beautiful as a young girl and a painfully sad past. He uses "Crystal Ice Mirror" Kekkei Genkai: a bloodline trait.

ZABUZA MOMOCHI (SUPPORT CHARACTER: HAKU)

A rogue ninja of the Village Hidden in the Mist. Known widely as "The Demon Ninja of the Mist." Formerly of the Hidden Mist Black Ops and an expert at "Silent Killing." At all times he carries a giant blade and a sinister ambition that lies behind his ruthless expression.

HINATA HYUGA (SUPPORT CHARACTER: SHINO)

A Genin in the same class as Naruto and his squad. She is teamed with Kiba and Shino. An heir to the Hyuga Clan, a distinguished family in the Hidden Leaf Village, she has feelings for and supports Naruto. Unfortunately, because of her shyness, she cannot outwardly express her true feelings and is always fidgeting from a distance.

THE CHARACTERS

NARUTO UZUMAKI (SUPPORT CHARACTER: IRUKA)

An underachiever at the Ninja Academy, Naruto roams the Village Hidden in the Leaves causing mischief and playing countless pranks. He also enjoys a good bowl of ramen. His life long dream is to be Hokage, the village chief, and become the greatest ninja of all time. Naruto also holds a secret that he himself does not know, the fact that the Nine-Tailed Fox Spirit that wreaked havoc on the village is sealed inside his body! His special jutsu are the "Shadow Clone Jutsu" and "Multi Shadow Clone Jutsu."

SASUKE UCHIHA (SUPPORT CHARACTER: KAKASHI OR NARUTO)

A descendant of the Uchiha Clan, Sasuke has both unique talent and sensibilities. Combined with his rugged good looks, this makes him the most popular student among the Academy's female student body. Quiet by nature, he never hesitates to speak his mind, which annoys Naruto, as he receives the brunt of Sasuke's insult. His special techniques are "Barrage of Lions" and "Fire Style" jutsu.

ROCK LEE (SUPPORT CHARACTER: GUY)

A Genin from the Village Hidden in the Leaves. He is in the same squad as Neji and Tenten, who are both one year ahead of Naruto and his squad. Though his Ninjutsu and Genjutsu skills are pathetic, his Taijutsu is outstanding as a result of his constant training. From his hairstyle to the admiration he has for his sensei, everything about Lee is intense. Like Naruto, he too is in love with Sakura.

GAARA (SUPPORT CHARACTER: TEMARI)

A Genin from the Village Hidden in the Sand, he carries on his back a large gourd, and hides a terrifying hidden power. He has an air about him that keeps everyone at arm's length. He acknowledges Sasuke's superior strength and desires a battle with him.

SHIKAMARU NARA (SUPPORT CHARACTER: ASUMA)

A Genin in the same class as Naruto, Sasuke and Sakura, he is teamed up with Ino and Choji. Though lazy and lacking motivation, he scored a 200 on his IQ test. Coupled with his habit of complaining, his special jutsu is "Shadow Possession Jutsu."

NEJI HYUGA (SUPPORT CHARACTER: TENTEN)

A Genin from the Village Hidden in the Leaves, he is in the same squad as Rock Lee and Tenten. He is Hinata's cousin and a genius, but feels constrained to the branch family of the Hyuga Clan. Neji uses the "Byakugan" Kekkei Genkai: a bloodline trait handed down genetically within the Hyuga Clan. His special techniques are the "8 Trigrams Palms Rotation" and the "8 Trigrams 64 Palms."

A GENJUTSU LESSON FROM KURENAI

When you change stages, the character that initiated the scenery change will regain a little health. Changing scenery could make the difference between winning and losing, so keep that in mind as part of your strategy!

Keep pushing forward when running towards a wall to run up the wall.

When you hit the end of the wall or you stop running, you will keep hold of the wall. You can also jump off of them, and use items to attack.

You expend chakra when you walk on water. If your Chakra Gauge is empty you will not be able to stay on the water, and you will fall and take damage.

A TAIJUTSU LESSON FROM KAKASHI

Some of the combo attacks are called “jutsu”, and those require chakra to trigger. Be careful—even if you correctly input a jutsu combo attack, it won’t do anything if you don’t have enough chakra. There are also counter-attacks, which are triggered when you are attacked by your opponent. An example of this is Neji’s Rotation.

Using offensive items

Change the selected item by pressing the **L1** or **R1** buttons, and then press the **○** button. The number of items remaining is displayed below the item icon.

Ninja Tools

The standard Ninja Tools that you are equipped with at the start of a battle are unlimited in number, but cause very little damage.

SUPPORT CHARACTERS

During the battle, your support character will appear and give you various items. When your support character appears, a window to let you know he is available is displayed below your Chakra Gauge.

SUPPORT CHARACTER LOCATION

Support characters always appear on a different plane from you. The window is displayed before the support character arrives.

The support character will only be on the screen for a limited period of time. Note that you can attack your opponent's support character to knock him off of the field.

OBTAINING ITEMS

The item you can receive is displayed over the support character's head. You will receive that item when you go near the support character.

SAVING AND LOADING

To save game data, you will need a memory card (8MB)(for PlayStation®2) with at least 54 KB of free space.

SAVING

The player chooses where to save the game data at the end of each mode, and the game data is saved there. Up to three data files can be saved. If you choose a location that already contains a data file, that file will be overwritten.

LOAD: CONTINUE FROM A SAVED POINT

If you choose "Load" after starting the game, you can load previously saved game data and continue the game from that point. Insert a memory card (8MB)(for PlayStation®2) containing game data into MEMORY CARD slot 1 or MEMORY CARD slot 2. You may then choose data save locations 1 through 3.
